General Secretary:
MORTON S. BARATZ
Washington Office

April 17, 1978

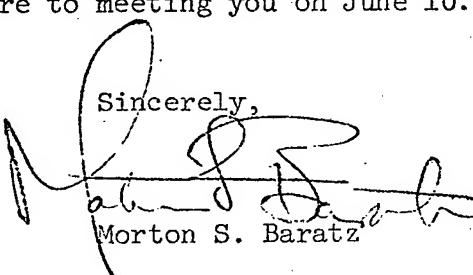

Admiral Stansfield Turner
Director of Central Intelligence
Washington, D.C. 20505

Dear Admiral Turner:

I am grateful for your letter of April 10. We shall proceed on the assumption that you will join us in New Haven on June 10. I fully appreciate that circumstances may take you elsewhere on June 10. But by nature I am optimistic, and it is a small enough risk for us to take on the substantial possibility that we shall hear your views on the intelligence agencies and the academic community.

I look forward with pleasure to meeting you on June 10.

Sincerely,

Morton S. Baratz
